WASHINGTON.

## NEW LINE-UP FOR CONGRESS.

Reapportionment to Follow New Census.

Politics Will Probably Cut Figure in It.

Plight of Eastern States Outgrown in West.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Sept. 13.—One of the first questions with which the approaching session of Congress will be called upon to grapple will be to determine when the next apportionment of members of the House of Representatives under the recent census shall be made.

The Constitution requires that a re-apportionment shall follow each decennial enumeration of the people, and accordingly a redistribution of seats in the House membership has taken place hitherto soon after the conclusion of each census.

Up to 1890 the reapportionment was uniformly postponed until the first session of the Congress succeeding the enumeration, but after the eleventh census a change was made and the apportionment bills for the eleventh and twelfth census were brought in and passed in each case during the short session of the current Congress immediately following the census. It will rest with the approaching session to determine whether it shall follow the old or the new precedent. Pollution may determine the choice.

POLITICS A FACTOR.

Before the time for the meeting of Congress the results of the November elections will have been known. If the Democrats should come into control of the House for the Sixty-third Congress they would naturally resist any effort to have the change made by the present Republican Congress, while the Republicans would be as anxious as ever that the service performed while they were in control of legislation in both Houses.

Apportionment in itself can be used for party advantage only through the manipulation of population fractions and the various States in the present plan of fixing upon a definite number of members as the first step in the distribution is followed by many States to fill the quota thus obtained. Almost inevitably there ensues upon each of such divisions a remainder, large or small, and from arbitrarily dividing the representation on a vertical rather than the actual population, this remainder, or fraction, affords the only base of manipulation of the apportionment of members.

COMPLIES WITH LAW.

If used to the extreme it might be an important factor as no fewer than twenty-three Representatives now hold their seats on fractions. They that should do so is strictly in accordance with the law which provides that any difference occurring on an even number should be supplied from the States having the largest remainders on the division. This rule was strictly followed in the last apportionment in all allotments except those made to the Ohio and Nebraska, both of those States having exercised somewhat arbitrary power by giving each a representative on a fraction less than the fractions of other States which received nothing because of their own fragments. This system was adopted for the loss of representation by any State.

THE CENSUS EXPERTS already understand that when the figures are made public some of the smaller eastern States will be found to have failed to keep pace with the growth of their western neighbors, with many of the western States. If, therefore, they are to be protected against loss of representation in the House it will probably be necessary to hold the ratio down to something like the present basis or to eliminate in favor of the smaller States.

A LOSS OF MEMBERSHIP would be by no means a new experience to many of the States. In the first apportionment, made after the census of 1830, the Rhode Island, all told, only 45 members, Virginia was given 19, or almost one-fifth of the entire membership, and in 1830 that number was increased to twenty-three. Then there was a gradual falling away until 1870, when there were only nine members from that State. Since then there has been an gain of one.

STATE APPORTIONMENT.

Barring the first apportionment, Connecticut began with seven members and now has five. Maryland has been produced from eight to six, and New Hampshire from four to two. Vermont, which in 1810 had nine members, now has the same number with which he started in 1830. In 1850 the number was increased to seventeen, but by the next apportionment had fallen to thirteen, and the original seven of Connecticut was not regained until 1860.

After Virginia, and Massachusetts, Pennsylvania, with thirteen members, had the largest representation in the House in 1830. New York and North Carolina were tied with ten each. The State never rose above thirteen, but the former has gone as high as forty, which figure was attained under the apportionment of 1830, and the largest representation any State ever has had. After 1830 the New York representation fell to thirty-one in 1860.

SINCE THEN IT HAS BEEN RISING GRADUALLY UNTIL NOW IT IS THIRTY-SEVEN. PENNSYLVANIA'S PRESENT NUMBER OF THIRTY-TWO IS THE LARGEST EVER ENJOYED BY THE STATE.

From the first session to the present, Rhode Island, with her two capitals and double name, has been uniformly represented by two Congressmen. Delaware had two members during the decade of 1810-1820, but otherwise has had but one in the House at all times.

THE FIRST APPORTIONMENT MADE BY THE CONSTITUTION PROVIDED FOR ONE MEMBER TO EVERY 30,000 INHABITANTS WITH THE RESULT THAT AT ITS FIRST SESSION THE HOUSE CONTAINED ONLY FIFTY-FIVE MEMBERS.

THE NUMBER HAS BEEN INCREASED TO 105 WITH 32,000 AS THE BASIS OF REPRESENTATION. FROM THAT TIME FORTH, WITH ONE EXCEPTION, THE IN-

CREASE BOTH IN REPRESENTATION AND RATIO HAS BEEN STANDING AS FOLLOWS:

MEMBERS WITH A RATIO OF 32,000: 1816.

1817 MEMBERS AND RATIO OF 35,000: 1820.

1840 MEMBERS AND RATIO OF 47,700: 1840.

1850 MEMBERS AND RATIO OF 70,680: 1850.

1860 MEMBERS AND RATIO OF 72,500: 1860.

1870 MEMBERS AND RATIO OF 127,351: 1870.

1880 MEMBERS AND RATIO OF 151,911: 1880.

1890 MEMBERS AND RATIO OF 173,211: 1890.

1890 MEMBERS AND RATIO OF 187,171: 1890.

THE LEADERS OF THE HOUSE ARE ANXIOUS TO KEEP THE SIZE OF THE HOUSE DOWN AND FEW WILL ADMIT THE POSSIBILITY OF AN ENLARGEMENT TO BEYOND 400 OR 410 AT THE UTTERMOST.

THE QUESTION OF THE DISFRANCHISEMENT OF THE NEGRO VOTE IN THE SOUTHERN STATES WILL RECEIVE ATTENTION IN CONNECTION WITH THE QUESTION OF APPORTIONMENT. THE HOUSE IS EVEN NOW ON RECORD IN FAVOR OF AN AMENDMENT TO THIS END.

Under the rules of the House, where debate is limited, a measure similar to the Crumpacker bill of last Congress might be passed without affording the minority much opportunity to oppose it. But, Sir, the State, where the negroes are in the minority, could be strong enough to prevent the passage of any obnoxious measure unless determined by the unwritten rule which permits each House to dispose of its own affairs in its own way.

REVIEW OF COKE CASE.

JUDGE ADVOCATE TAKES UP PLEADINGS OF SASSIE COURT-MARTIAL BEFORE SUBMITTING THEM TO PRESIDENT.

WASHINGTON, Sept. 19.—The case of Col. George F. Cooke, U.S.A., retired, is now undergoing review by Judge Advocate-General Davis at the War Department, preliminary to its submission to the president for final action. He was recently tried by court-martial at Seattle, Wash., on charges of neglect of duty in connection with the disappearance of \$10,000 from the army paymaster's safe at Fairbanks, Alaska.

Private Lane, who was charged with the theft, is still at large, although the government offered reward of \$1000 for his apprehension.

DO FOWLS GET PARALYSIS?

FANCIERS BELIEVE THEY DO.

WASHINGTON, Sept. 19.—Fowl fanciers in this vicinity are said to hold an affirmative view, and the death of many chickens and ducks that have occurred recently are ascribed to the disease. The symptoms shown are said to be similar to those observed among sailing poultry, but are strikingly suggestive of those shown by children affected with paralysis. The disease among the fowls, whatever it may be, is not certain," said Dr. Schroeder of the Bureau of Animal Industry, "that the fowls I examined were affected with infantile paralysis, but it is such as the case, some may think should be at least in the spread of the disease. If the fowls are affected, it is doubtless quite possible for them to communicate the disease to human beings, and they would be a source of great danger in the community."

TURN TOWARD PERU.

JAPS SEEK TRADE EXPANSION.

[ASSOCIATED PRESS DAY REPORT.]

WASHINGTON, Sept. 19.—Japan appears to be steadily moving forward in a systematic policy of extending its influence and trade on the eastern shores of the Pacific. Advised to the State Department, soon after the outbreak of the war in China, that the Japanese special embassy was sent to Chile to participate in the centenary celebration of independence, spent some time in Peru, en route to Japan, and was received with great cordiality. The party was headed by the son of the Marquis Inouye, late Japanese Ambassador to Germany, and it was explained that the purpose was to study the commercial conditions in Peru with a view to trade extension.

UP AND DOWN THE VALLEY.

PITH OF THE DAY'S NEWS FROM THE MIDDLE WEST.

CHICAGO, Sept. 19.—[Exclusive Dispatch.] Today's weather was patchy. Today's weather was patchy and threatening rain up to about 2 o'clock this afternoon when the skies cleared. A light wind blew from the northeast, shifting late this afternoon to the east. Today's maximum temperature was 64 and the minimum 60 deg. Middle West temperatures:

SUGAR TRUST HIGHER UP GETS  
SENTENCE AND FINE.FEDERAL JUDGE MAKES EXAMPLE  
OF CONSPIRATOR.SUPREME COURT HAS RECEIVED  
THE CASE.

ASSOCIATED PRESS DAY REPORT.

NEW YORK, Sept. 19.—Charles H. Heike, former secretary and treasurer of the American Sugar Refining Company, who has been called the "man in the sugar trust," was sentenced today by Judge Martin in the United States Credit Court to serve six months in the New York penitentiary on Blackwell's Island and pay a fine of \$100,000, on conviction for attempting to defraud the United States Government by underweighting of sugar. Judge Martin granted a stay of execution of the sentence pending an appeal to the United States Circuit Court of Appeals.

## SPORTING NEWS, LOCAL AND TELEGRAPHIC.

SIGN OF RELIEF.

BIG MYSTERY  
MAY BE ENDED.Mitchell May Be Walker of  
New York Giants.Games in Which He Pitched  
Must Be Thrown Out.Twirler Ran Away From Fair  
Gotham Chambermaid.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Sept. 19.—[Exclusive Dispatch] If "Mysterious" Mitchell is indeed Fred Walker, the Chicago University pitcher under contract to the New York Giants, the names which he has pitched in the Pacific Coast League will have to be thrown out.

There will probably be no need for President Berry of Los Angeles to protest his games as President Graham of the Pacific Coast League no doubt will act of his own initiative.

CHICAGO, Sept. 19.—[Exclusive Dispatch] Chicago sporting writers who know all big league and middle western college players by sight agree that "Mysterious" Mitchell, who is pitching for the San Francisco Seals is none other than Fred Walker, former New York National pitcher.

Walker, who was formerly a student at University of Chicago and was a star pitcher for the Maroons, joined the Giants during the Chicago series late this summer. He traveled about the circuit with the Giants and got as far as New York with the team.

Shortly after the team came out Walker got into trouble with a chambermaid at a hotel where he stopped, who accused the young pitcher of attempted assault. She threatened to prosecute and Walker disappeared.

His friends have had no trace of him since. Chicago sporting writers made the identification through a picture printed in the Los Angeles Times.

Walker is a well built, about 5 feet 11 inches in height, and has bushy light brown hair. He is a native of Chicago.

At the residence of Dr. William H. Walker, a brother of the pitcher, it was learned that Fred's whereabouts were unknown and that he had no line on him for some time.

Walker stipulated in his contract with the Giants that he was to be excused from Sunday work.

AMERICAN LEAGUE.

CAN AFFORD TO LOSE.

[ASSOCIATED PRESS NIGHT REPORT.]

CLEVELAND, Sept. 19.—Cleveland won from Philadelphia, 5 to 4, yesterday. The Texas League recruit out-pitching Morgan. Lajoie got three hits in three times at bat, each being a hard drive. Score: 9.

Cleveland, 5; hits, 9; errors, 1.

Philadelphia, 4; hits, 9; errors, 2.

Batteries: Blandin and Land; Morgan and Livingston.

GANDIL IS SOLD.

[ASSOCIATED PRESS NIGHT REPORT.]

CHICAGO, Sept. 19.—Chicago tied its season's record for consecutive victories here today, winning its fifth straight game by defeating New York, 1 to 0. The sale of Second Baseman French and First Baseman Gandy of Chicago to Montreal was announced.

Chicago, 1; hits, 5; errors, 0.

New York, 0; hits, 5; errors, 0.

Batteries: Olmstead and Block; Quinn and Criger.

DARKNESS STOPS IT.

[ASSOCIATED PRESS NIGHT REPORT.]

DETROIT, Sept. 19.—Today's game between Washington and Detroit was called at the end of the eleventh inning on account of darkness with the score 6 to 6. Washington had sixteen men left on bases. Score:

Washington, 6; hits, 11; errors, 1.

Detroit, 6; hits, 11; errors, 2.

Batteries: Blandin and Land; Morgan and Livingston.

FREE MISSING BALLOONS WIN.

justify for International St. Louis Race.

armon One of the Absent in the New York.

ing With Car Lost Swings Its Way Eastward.

ASSOCIATED PRESS NIGHT REPORT.

INDIANAPOLIS, Sept. 19.—If they are not with disaster or landed in some isolated spot from which we have not been able to report, these balloons and their crews, have come tonight as the American competitor in the international balloon race which will start at St. Louis Oct. 10.

New York, Clifford P. Harmon, New York, pilot; Thomas Baldwin, New York, co-pilot; F. T. Wade, Cleveland, Ohio, engine; A. H. Morgan, Canton, O. side, pilot; P. J. McCullough, W. Va., 7 p.m. today.

The Sophia, W. T. Amsmann, St. Louis, pilot; P. J. McCullough, W. Va., 7 p.m. today.

The balloon that started from Indianapolis Speedway Saturday morning in the free-for-all contest are given. The sixth of the nine starts in the American elimination race to the American II, which left at Waukegan, Ill., at 2:30 p.m. this afternoon. Alan B. Hawley of New York was the pilot, and Augustus Post, New York, side.

The balloon which have landed, beginning to come to Indianapolis.

FISHER'S STORY.

Hilton to Give Miss Leitch a Half in Thirty-six-Hole Match.

ASSOCIATED PRESS DAY REPORT.

NEW YORK, Sept. 19.—A golf match of great interest both here and abroad, is soon to be played in England, calculated to shed a light on the much-doubted problem of how much odds a male expert can give a first-class woman player.

The man in this match is Harold Hilton, who has won not only the British amateur championship, but also the "open." The woman is Miss Leitch, who, on the strength of her play abroad and an extremely long driver, has done several 6000-yard courses under 80.

Hilton has contended the best men players can give the best woman player a full hole, and that is a stroke another hole—and that is the odds at which the pair will play. Thirty-six holes are to be played at Walton Heath, 6400 yards, October 11, and thirty-six at Sunnyside, 6100 yards, October 12. Betting is even.

Old and Fresh.

LEXINGTON (Ky.) Sept. 19.—Peg Wofford, by Longfellow, out of Baldwin, one of the oldest of the Baldwin brood, married in the last year.

The sophomores had the advantage, and they also the advantage of having taken part in a similar contest last year.

Hilton and rubbed iodine on the members of the sophomore class.

The weather was exceedingly hot, and when it was over, the men, rolled on the ground in pairs, straining and sweating.

Finally one of the "sophas" managed to tie the young man who had been left alone. The "soph" then rushed to the ground in pairs, straining which wins this event in their freshman and sophomore years.

TWICE VICTORS.

OPHOMORES DEFEAT FRESHMEN IN HOT ROPE-TYING CONTEST.

H. O. HARRISON COMPANY, 1214 South Main St. Main 8777

other perspiring youngster close at hand. The United efforts of those two men were sufficient to dislodge the "sophas" rushed off to aid their fellows in the glorious work of tying up the remaining "freshies." In this manner they soon had them all tied up and piled them in one corner of the field in a forlorn group.

Some of the freshmen put up a game fight, "Buster" Brown, one of the smaller "freshies," gave three "sophas" all they could do to tie him up, and took about seven men to dispose of the giant "Venus" McNarry. For the sophomore Drury Wren, the president of the class, did the best work, although he was aided by all his classmates.

This is the second time that the present sophomore class has won the rope-tying event, and they were again triumphant, defeating the junior class. This allows them to put their class numerals upon College Hill, an honor only granted to the class which wins this event in their freshman and sophomore years.

SIDES ARRIVED.

ALL PLAYERS TO CONTROL NEW LEAGUE CONTEMPLATED.

ASSOCIATED PRESS NIGHT REPORT.

LOS ANGELES CLUB IN IT.

(ASSOCIATED PRESS NIGHT REPORT.)

SEATTLE, Sept. 19.—Nearly fifty motor-car enthusiasts, representing eight automobile clubs on the coast, effected a temporary organization of the Western Automobile Association last night. A committee of ten was appointed to formulate working plans and determine whether the association shall become permanent.

According to plans outlined, the association will be a federation of the various Pacific Coast clubs.

The primary purpose will be to advance a coast highway from Vancouver to the Mexican boundary.

The clubs reported last night were the Automobile Club of Southern California, the Victor Motor Club, the Portland Automobile Club, the Vancouver (B. C.) Automobile Club, the San Francisco Automobile Club, the Chehalis County Automobile Club and the Automobile Club of Seattle.

ROHRIG'S LONG FLIGHT.

SAN DIEGO, Sept. 19.—B. H. Roehrig, a local amateur, made a flight of four and one-half miles in his biplane late this afternoon. The accent was from 10,000 feet, and he was flying at a height of about 200 feet and after circling for a few minutes headed for South San Diego. There, in the presence of a large crowd he did some more circling, after which he flew back to the beach. His time was 45 minutes.

By Electric Light.

A party of anglers fished a few hours at Redondo Beach last night. They were located near an arc light, which seemed to draw the fish. H. H. Mervin caught six yellowtail, W. E. Cook caught four, W. H. Cody caught three yellowtail and several barracuda.

THE MAJORITY RULE.

McCarey, who is the anti-cancer committee, fought yesterday "Uncle Jerry" started as stung, for McCarey evidently meant to suggest an ultimate referendum.

Frank Garbutt appeared for the amateur interests and opposed the eight-ounce glove requirement. Andrew agreed to reduce this to seven ounces, and Betzkowicz agreed to six ounces.

He is also suggested that four rounds is too short for an exhibition.

The real fact is that a majority of the Council is opposed to the measure and that there is no real killing it by silent strangulation. A favorable report from the Legislation Committee seems improbable.

As Betzkowicz and the people and

## Classified Liners

These Classified Notices: The rate for classified notices in The Times is 10¢ per word, each insertion. In Sunday issue 15¢ per word each insertion. Each insertion, 15¢ per word, following classification, the rate which is to per word, minimum charge \$1.00. *Advertiser's Name*, "Advertiser's Name," "Advertiser's Name," "Advertiser's Name," and "Advertiser's Name."

## NEWS AND BUSINESS.

## “Child Life” the Topic

The W. S. Rosecrans Social Club will hold its first annual meeting tomorrow afternoon at the home of its president, Mrs. E. C. Coleman, No. 541 Lake Shore Avenue. The object of the discussion will be “Child Life.” Dr. W. A. Land will give a talk on “Little Children.” Exploding Lamp Fires House.

The explosion of a kerosene lamp while the family of A. H. Hach was at breakfast, yesterday morning, set fire to the bottom of a two-story frame building. The loss was estimated at \$1000 on the building and \$300 on the contents.

## Kicked by a Mule.

Norbert Mirino, a young ironworker, living at Ivanhoe, was kicked by a mule he was unbinding yesterday morning. At the Receiving Hospital the surgeon discovered that both bones of his right leg below the knee had been broken.

## His Wrist Doubly Fractured.

M. S. Black, a machinist's apprentice, who was riding a bicycle to work yesterday morning at 8:15 at Bellevue and 10th, Victor street, sustaining a Collet fracture in the left wrist. He was taken to the Receiving Hospital, where he displayed unusual grit as the surgeons reduced the fracture. For Fine Arroyo Bridge.

The Board of Supervisors yesterday authorized the advertisement for bids for the new concrete bridge over the Arroyo, near the Ostrich Farm. The structure will be approximately \$25,000, and is to be about 1500 feet long, including approaches. The city, the county, South Pasadena and the Bell Lake Railroad are uniting in erecting the bridge. Each is to bear one-fourth of the cost.

## Want More Tourists.

The Transportation and Excursions Committee of the Chamber of Commerce decided yesterday to recommend to that organization that a meeting be held in the near future, composed of representatives of the transportation companies, the Los Angeles Chamber of Commerce and Boards of Trade of Southern California, to formulate plans to stimulate tourist travel.

## Caught Playing Craps.

With his revolver and a razor, as the stakes, Gerald McGinnis, of Highland, Otto Bennett, Willy Gold and Albert Bennett, five little newsboys, were having a great game of craps in the alley adjoining the old Express Building. Police Officer James J. captured the lads and took them to the Police Station. After a session with Police Lieutenant Williams, they were released on their own recognizance to appear before the probation officer this morning.

## Not Too Good for a Scamp.

Despite his 70 years, Michael Sweeney of No. 1520 Willow street, is still undaunted in spirit. He became engaged in a fight at First and Main streets yesterday afternoon, boldly facing his foe until he went down to the sidewalk. His second was cut by the fall. The fight he had just up, however, was enough to make his antagonist take to his heels.

“Just had a fight, lady,” grimly said Michael to the nurse when he brought into the Receiving Hospital.

## Esperanto Society's Session Opening.

The Esperanto Society of Los Angeles will open its fifth season's work on behalf of the international language at its quarters in the Blanchard Standard Building this evening, with a lecture designed to explain to the uninitiated the merits and practical value of the language. Mr. Parrish will have an exhibition a part of his collection of postal cards sent to him by his Esperanto correspondents all over the world, showing views from nearly a hundred different countries. The lecture will be open to the public, and all visiting Esperantists are especially invited.

## Chamber of Commerce.

The Chamber of Commerce has changed the date of its reception to the Mining Congress delegation to Tuesday evening, September 27, and all interested persons are asked to take notice. Secretary Wigging asks that the reception be taken at the get-together celebration, to be held by the Chamber of Commerce at Venice on Saturday, apply at once for their tickets. It will be necessary to know in good time, as many will attend, and such arrangements can be made for the luncheon, which is included in the cost of the ticket.

## Burnham the New President.

At a meeting of the directorate of the H. R. Boynton Company, yesterday afternoon, William H. Burnham was elected president, an office made vacant by the death of H. R. Boynton. September 12. N. B. Burnham was elected to fill the vacancy on the board of directors. The new president, Burnham, is vice-president of the International and Steam Pump Company of Kansas City, as well as president of the United States Supply Company of Omaha. Because of his familiarity with the lines handled by the H. R. Boynton Company, he is deemed a very worthy successor to the deceased founder of the concern.

## BREVITIES.

Telephone Today—Ring The Times and insert your Sunday “Want ad.” It has been difficult to regulate the telephoning of classified advertisements for the Sunday Times. Efforts have been made to relieve the Sunday congestion, on account of their being so numerous, but it has been impossible to judge the particular period of the day selected by the public to call up the office. Hence the urgent necessity of advertisers telephoning their announcements early in order to insure accuracy in transcribing and afford a superior service in consequence. They can be telephoned on Sunday. The office will be glad to receive them, and will take pains to see that all directions are carefully compiled with.

For typists—small measure at reduced rates, apply to The Times Linotype Room, corner San Fernando and Colorado streets; telephone Main 220. Customers to learn operating; good replies.

Replies to The Times Want Ads. are referred to the Branch Office, No. 521 Grand avenue. Home Field, Main 560.

## Scarf Pin and Cuff Button Opportunity

South Spring, may be left for delivery at the Main Office. They will be promptly sent to the Branch Office.

Southern California Standard Guide Book, by the Los Angeles Times. Price \$1.00, extra.

Times-Mirror Printing and Binding House, 116 N. Broadway, Los Angeles.

Phone A-5612 and Main 6239 for a public stenographer, fine letter writing, advertising envelopes, manuscript, etc.

Call 51-533 So. Spring Times Branch Office.

Hotel Roslyn and Natick. Best 25-cent meals. Sunday eve. 25 cents.

## OBITUARY.

John MacDonald. SAN JOSE, Sept. 19.—John MacDonald, 40, engineer of Lick Observatory, at Mt. Hamilton, died yesterday. MacDonald had come to start work on the foundation of the great observatory, when blasting began to level the top of the observatory.

Mrs. Edward Roby. CHICAGO, Sept. 19.—Mrs. Edward Roby, founder of the national branch of the Ladies of the Grand Army of the Republic, died yesterday. The Daughters of the American Revolution, died at her home here last night, after an illness of six months. She is survived by her husband, Edward Roby, founder of the town of Roby, Ind.

Myron Whitney. SANDWICH (Mass.), Sept. 17.—Myron Whitney, one of the most popular tenors in the country, died yesterday. Whitney began singing in oratoria in 1885. Afterward he was heard as a soloist in many musical conventions for more than thirty years. Mr. Whitney was a member of the all-star cast that produced “Picture Show.”

It was from this company that the original company of Bostonians was formed; the members of the company included Mrs. Barnes, George Frothingham, Miss Stetson and Mary Beels. Mr. Whitney never appeared at his best on the stage, and soon returned to the concert platform. He was frequently heard with the “Handel and Haydn Society of Boston.” Mr. Whitney was born in Ashby, Mass., in 1856. His body will be laid near that of Joseph Jefferson in town on Tuesday.

LOS ANGELES

TUESDAY MORNING, SEPTEMBER 20, 1910.

SUCH A BOOMERANG.

## ADVISORY COMMITTEE IN POLITICAL GAME.

**Investigators Make Hot Report on  
Highway Commission to Board of  
Supervisors and Command Work  
Done—Resignations Advised.**

**T**HE committees appointed by the Board of Supervisors to investigate highway affairs yesterday returned a report in which it recommended that both the highway commissioners and the members of the advisory board resign.

There was a grain of salt in the former recommendation, for the commissioners were exonerated and it was found that by the methods they are using the great chain of highways will be improved in less time than was estimated and that the \$3,500,000 bonds will be more than sufficient for the work. The suggestion that they should leave the service of the county was based on the finding that they had, to a certain extent, recognized political influences of a political nature were not specified.

On the other hand, the advisory board was severely censured. The reasons were set forth which should no longer exist. The investigators found that it has of late been dominated by political influences and that its purpose has been so warped that its continued existence will be more of a menace than a safeguard.

The report also declared that the investigators were amazed when they found that the members of the advisory board were breaking confidences and disclosing secrets to certain newspapers to forward the political ambitions of one of its members.

**LAUDS HIGHWAY WORK.**  
The decision as to the uselessness of the advisory board was concurred in by all of the members, while there was a dissenting opinion as to the advisability of the appointment of a new Highway Commission. George M. Pearson, surveyor of Riverside county, could not have penned a more laudatory report as to the condition of the work and the manner in which it is being carried forward.

Pearson speaks from experience. He has built more roads in Southern California of the type now being constructed than any other man in this vicinity. He is a true road builder. Examples of his ability in this line can be found in various places in the county. His roads have stood the test. He gave a minority report concerning the commissioners, which follows:

"I do not agree in the recommendation that the Highway Commission be requested to resign or with the findings inconsistent with the following conclusion:

"I find the commission and its employees at the present time, to be efficient, energetic, and doing splendid work. It has never been my pleasure to inspect better work or better methods of construction."

The most bitter critics admit that your committee are honest men. They have been educated and equipped for their duties by long experience in this particular work, a qualification which other men in Los Angeles county possess. The taxpayers, in my judgment, should not be deprived of the benefits of their experience.

"I find no political influences affecting the efficiency of the Highway Commission. Unless the attacks of the Advisory Committee can be construed to be harmful."

"Your Highway Commission is entitled to the gratitude of the people for the fact that Los Angeles county owns its roads and has an unlimited supply of crushed rock at prices ranging from 53½ cents to 55 cents per ton on board cars."

"With the present efficient organization, your highway improvement will be completed within the estimate, and all matters leading up to the present date, from the time of the inception of the work."

**NOT A CHARGE UPHELD.**

Not a charge which was made against the Highway Commissioners by the advisory board was substantiated. The accusations were taken up one by one and in each instance it was found that the charge was without foundation for them.

The Highway Commissioners practically stood trial on charges of being crooked and incompetent, and were unanimously acquitted.

There will be no resignations among the commissioners. Chairman Bixby was absent when the report was read, but the other two declared they intended to carry on the work until their terms expire, on July 1, 1911.

They went on record as saying that he would not be severe critics of the work, but it is thought that the findings are such that he will feel justified in remaining on the board.

The Supervisor also advised that the report under consideration until Bixby returns. Supervisor Eldridge acknowledged his pleasure at the fact that the advisory board was taken in to the task of exerting itself in favor of Sidonie Bixby, his former chairwoman, who defeated Eldridge for the Supervisorial nomination at the last primary.

The investigators found that the brunt of the attack on the advisory board was upon Chief Engineer A. E. Loder. It also ascertained that he was appointed at the suggestion of this same body.

The report declared that it was evident Mr. Loder was inexperienced when he was retained, but stated that he had gained his experience at the expense of the county, and that it would now be folly to discharge him.

The main report was made by Joseph Scott, A. B. Fletcher, H. P. Hillman, in part follows:

"The committee, appointed by your honorable body under letter of instruction dated May 17th, 1910, received the following directions as to the scope of its work: 'For the purpose of investigating the affairs and accounts of the Los Angeles County Highway Commission, the progress of the work of main highway improvement under their charge, and the efficiency of the commission and its employees.'

"Shortly after our appointment, on June 14th, 1910, the grand jury, which had been in session for six months previously, filed its report.

"The report recited that it was evident Mr. Loder was inexperienced when he was retained, but stated that he had gained his experience at the expense of the county, and that it would now be folly to discharge him.

## 2 TUESDAY MORNING.

# THE PUBLIC SERVICE—In the Courts and Offices.

### SUMMARY OF THE DAY.

The Council is expected to repeal the dog-muzzling ordinance today, though Health Officer Powers protests there still are cases of rabies in the city.

The Santa Ana River Development Company brought an action in the Superior Court yesterday to prevent James Long and a score of other defendants from using water from the head of the Santa Ana River, and Temescal and Lytle creeks, in Riverside and Orange counties.

Judge McCormick overruled the demurrer of Charles Alexander, the garage contractor, in the action brought to compel him to abate the garbage-reloading plant on Mary street, and the matter will be tried on its merits today.

Judge Monroe, yesterday, postponed his decision in the Abbott divorce case one year, so as to prevent the young husband from taking another wife within the next two years, when it is hoped he will have proper discretion.

Five arrests for carrying concealed weapons caused Police Judge Fredericksen yesterday to ridicule the idea of carrying a revolver as a protection against footpads who are sure to get into action.

The preliminary examination of Peter Verner and Harry J. Nau alleged robbers of the Eagle pawnshop, was not concluded yesterday evening. Police Judge Chambers continuing the proceedings until 9:30 o'clock this morning for argument by Deputy District Attorney Veitch and George Pearson for the defense.

Fines of \$1 each were paid yesterday by the woman and two men who were arrested at the Rainier cafe for gambling with dice improvised out of match sugar.

### AT THE CITY HALL.

### FIDO'S MUZZLE MAY COME OFF.

### COUNCIL MAY REPEAL ORDINANCE AT TODAY'S SESSION.

Request of the Ladies' Kennel Club for Abolishment of the Mouth-closers Act on Favorably by the Legislation Committee—Health Officer Powers Protests.

Yes, Tower, you can go without your muzzle soon.

Just how soon will depend on whether the Council passes an ordinance or merely directs that one be prepared by the City Attorney. It is to be hoped, that a repealing ordinance will be on hand early at today's session.

The Legislation Committee voted to recommend the repeal yesterday. The action was based on a petition of the Ladies' Kennel Association which expressed the belief that the muzzling was useless and inhumane.

"Who could refuse the ladies' quota gallant, 'Uncle Jerry'?" So Gregory and Betsie didn't refuse.

It is understood at least seven members of the Council favor repeal.

Dr. L. M. Powers, Health Officer, disagrees. He says the proper thing to do is to enforce not repeal the law.

"There has never been an attempt to enforce it," said he. "The experience of this and many other cities is that but a few months strict enforcement will eliminate rabies in the last six months that has been noted. It is to enforce the law and consequently there is still rabies in Los Angeles. There are no human cases but there are in animals and with the human case to be used, another human death drives the Council to act."

The ordinance was passed about eight months ago. It requires all dogs to be securely muzzled, "so as to not to bite." The dog, which in use has been a mere noise bane which served to annoy the dog more than comply with the law. The police have ignored the measure from the start, except for a few arrests.

**PAVING ORDINANCE.**  
MAY END OPPOSITION.

A letter from the Board of Public Works to the Council in which modifications of the track paving ordinance are suggested, conveys the information that if the modifications are agreed to there will be no further opposition on the part of the traction companies to the Hamlin measure.

This is the ordinance requiring either concrete foundation under the tracks or grouted stone balises and no alteration of this provision is made except that in the proportion of cement and sand a change is made to one part of cement to three of sand.

Another modification is that the number of bricks outside the track shall not be more than 5% inches or less than 25%, thus permitting a single row of bricks where this is feasible.

As to toothed blocks, the ordinance is vacated and the same unit of sand and brick and granite may be used, but stonematerials where the Board of Public Works consents. Feed inspection is abolished, and the engineer will supervise track work free.

The traction companies, it is understood, have purchased a large supply of toothed blocks made of bituminous concrete and asserts that their experience has shown that they are as efficient as brick or granite.

The board says it disagrees with this opinion, but is willing to let the company demonstrate the character of bituminous blocks by use.

It is to be regretted that from many conferences between the city officials and those of the traction companies, and the result is viewed with satisfaction by all, it seems.

**COMFORT STATION.**  
WILL HAVE PAY FEATURE.

Plans for the public comfort station at Central Park, which will be one of the important features of the many improvements under way there, will be submitted to the Council for approval today. The Park Commission has decided to have two departments, one for each sex, and to have attendants who will be on duty to receive a small fee for hot water or towels to the lavatories. It is intended to put one department in charge of the Salvation Army, and the other in charge of the Dames Association. For it to pay a regular salary to each out of the income from fees or from the treasury. The station will be on the hill-side of the park, and will cost \$10,000.

The Park Commission has authorized Superintendent Sherer to prepare plans for a Japanese garden, probably at Eastlake Park.

Central Park Superintendent has introduced a scheme for testing the efficiency of the park foremen by taking the average in charge of each and com-

paring the work done each month. A scanner will be placed at the end of each month in the most efficient park, and at the end of the year a prize given. This method is expected to bring salary increases to the most efficient and eliminate the inefficient.

### BLIND ALLEY.

MY CAUSE TROUBLE.

A cul de sac aroused the Board of Public Works and the City Attorney yesterday. Later it may arouse the Alexandria Hotel owners and the Potters-Pettibone Company. It is an alley that runs a short distance from Broadway to the Alexandria, and then broad for a hundred feet.

Yesterday the City Attorney advised the Board that a bylaw was kept at the alley, warning people that it is private property and that the Alexandria Hotel owners were excavating in it. That the building of the Potters-Pettibone Company extends two feet in the alley.

The attorney advised the board that it had been settled by the courts in the city, and that the Potters-Pettibone building should come off, as soon as the Board can get it quieted that it should be undisturbed only during a peace period which has now expired.

The Board asked the City Engineer to investigate.

### Temple Block Lessee.

Commenmen who favor building the new City Hall on the Temple Block site are wondering why there are so many applicants for leases on the rooms in the old building. The Board of Public Works, however, is not spending a month or more, but today it will transmit several offers for longer leases to the Council. If the leases of a year or more are made it will mean that all efforts to improve the site must be postponed at least that long.

City Not Liable.

That the city is not responsible for storm or flood damage in the Arroyo Seco is the gist of an opinion given by the City Attorney to the Council in a report yesterday on the superiority of the new site.

John Johnson owns a lot at Avenue 42 and Charlotte Boulevard, and high water in the Arroyo washed part of it away. She asked \$1000 damages. In his opinion the attorney says the city has no interest in the property other than that of any other property owner, and that there is no liability for damages.

### Hewitt's Rainbow Trout.

Leslie R. Hewitt, special harbor constable, who went on vacation the last inst., represents his health by having an eighteen-inch rainbow trout. He caught it in one of the creeks near Lone Pine in the Owens "alley," and intends to have it stuffed as a permanent testimonial to his vacation.

He has made the wild heights of the Sierras, and seems to have improved him wonderfully, especially in pictorial fervor. Speaking of the aqueduct work he declared every evidence he found showed that it is being done with diligence and thoroughness.

### City Hall Brevities.

South Hollywood wants "complete fire-fighting apparatus." A chemical engine four miles away from the proposed fire department has not satisfied the South Hollywood Improvement Association, and it has filed a petition with the Council asking for better protection.

"Save the Day," with a barbecue dinner of oats, offered to the Mayor, Council and other officials as a reason for their visiting the suburb September 22, an invitation sent to the Council.

An inspection of the Cragier manual fire system installed in the University district has been made, and the Council will be asked today to accept it and order payment. It has 100 boxes and is to cost about \$30,000.

Santa Monica boulders, between Union and Harvard, between the limits, is to be paved with asphalt, if the Los Angeles Pacific and the property owners agree on making the Belvedere-street fill, thus permitting the extension of Santa Monica to Sun-

set. The Junk Men's Protective Association has asked the Council to amend the junk ordinance so that every license must be a citizen of the United States or have declared his intention to become one, to be at least twenty-one years of age, to have his name and license number painted on the side of it, and in addition wear a badge on his hat.

An inspection of the Cragier manual fire system installed in the University district has been made, and the Council will be asked today to accept it and order payment. It has 100 boxes and is to cost about \$30,000.

Lunch wagons are to be forbidden on Main, Hill, Broadway and Seventh streets between Temple and Seventh, unless they are registered with the Los Angeles Pacific and the property owners agree on making the Belvedere-street fill, thus permitting the extension of Santa Monica to Sun-

set. The Junk Men's Protective Association has asked the Council to amend the junk ordinance so that every license must be a citizen of the United States or have declared his intention to become one, to be at least twenty-one years of age, to have his name and license number painted on the side of it, and in addition wear a badge on his hat.

### CRIMINAL CASES.

#### MANY TRIALS ARE SET.

In Judge Davis' court yesterday the trial of A. Duke, charged with an assault with attempt to commit murder, was set for October 21, in Department Eleven.

The court refused to adjourn the information charging H. R. McDonald with burglary and also overruled the demurser and the prisoner will answer to the charge November 1. McDonald, it is alleged, entered the room of W. B. Smith on August 8 and stole a number of articles. The trial was set for Wednesday to plead.

Abram Pors, who has been in the criminal court on several occasions, faces a charge of selling mortgaged property, and his case was set for hearing the 23rd inst., in Department Eleven.

When the case against B. A. Byrne, charged with an conspiracy to commit murder, not guilty, but his attorney intimated that he might change his mind later on. In the meantime the trial was fixed for November 3.

The accused is charged with exhibiting pictures of the "Murderous Fair Arcadia" on the 26th ult., which, under the law, is "against the peace and dignity of the State."

George E. Hird, who had pleaded guilty to grand larceny, will be sentenced November 3.

James Evans, charged with burglary, will be tried November 4, the court denying the motion to set aside the information and overruled a demurser.

E. J. Phillips charged with making an assault with a deadly weapon, pleaded not guilty and his hearing was set for November 7.

James Grucci, one of the labor unionists who charged with making a false boast, followed him for several blocks, they followed him for several hours, he held him up, as O'Brien said, without advising him that they were officers.

Shilliday was armed with a small high-power revolver, but made no effort to use it. In court Shilliday said that he carried the weapon for self-protection against footpads when he went out evenings.

"Don't you worry," remarked the court, "if you meet a footpad, he'll be with you the next every time."

Luther Way, arrested at Fifth and Main streets by Patrolman Tasker, said he was on his way beyond Eagle Rock for a little tennis practice. The court remanded him to the neither him nor Tasker had the right to be there.

There was a swift rustle of bars, and six little Mexicans gathered around him.

When the case against A. A. Ramirez, a Mexican, had been adjourned at the 21st, by Patrolman Pauta, who saw the butt of a .45 caliper revolver sticking out of his coat, the defendant's wife appeared as his attorney and earnestly pleaded his case.

Ramirez was only going to have a few words with the woman, he said.

The pants were not open that late Sunday night, Ramirez was fined \$10, which his wife paid with an angry flourish of her little brown hand.

Pablo Laderas, an American who was arrested on the Plaza by Pauta, was found to be armed with a large dirk, was sent to jail for ten days in default of a fine of \$10.

ONLY MAKE-BELIEVE.

PLAYED GAME FOR BEER.

One dollar fine or one day in jail was the sentence imposed yesterday by Police Judge Fredericksen on Mrs. H. Thomas, her brother, A. R. Douglas, and G. A. Coblenz, who were arrested at the Rainier Cafe, No. 139 South Broadway, for gambling with dice made of sugar cubes.

It is charged that during 1909 the defendants entered upon the channel

of Temescal and Lytle creeks and San Ana River sand and wells and constructed pumping plants, threatening to pump thousands of miners' inches of water and apply it to the irrigation of non-riparian lands owned by the defendants.

The prayer of the complaint is that the plaintiffs be decreed by an order of the court as entitled to have all of the water, both surface and sub-

surface, of Santa Ana River and its

creeks; that none of the defendants

will be allowed to interfere with the

water of the stream, or preventing

the same from flowing down to, along

and over the lands of the plain-

iffs, and from pumping or using such

water for any purpose.

## WORD FROM OIL FIELDS.

Consolidated Gusher Doing  
Some Tall Stunts.

Thousands Barrels a Day  
Through Small Pipe.

Local News of Interest  
From Oil Fields.

Some Little Doubt that the well  
is Consolidated Midway Oil Com-  
pany's section 20 is the best little  
oil well in the country. When the well was  
first put in its initial capacity  
was so much oil that it taxed the  
pumpers to handle it. This oil  
had been unique since it came  
from the fact that it was in  
perfect control. Not long ago a  
party of Los Angeles citizens  
went to the well and saw it  
on and off at the will of one  
man.

Consider the fact that the well  
was sunk to the greatest depth of 2911 feet  
with a rotary, and being the first in  
the West Field to demonstrate that  
the rotary can reach a considerable  
depth, more than the ordinary signifi-  
cance is to be attached to it, and may be  
the means of other wells in the  
region for deep drilling purposes.

The Continental Petroleum Company,  
2, 19-15, in which the Grahams have  
a 50 per cent interest, has five sections of  
oil wells in the property, and the  
intention is to drill the property  
as quickly as possible. The Grahams  
have also secured property in the Mid-  
way field, adjoining the Equitable, and  
will start operations there in a short  
time.

The well No. 4 of the California Oil  
and Gas Company, on 6, 21-15, started  
flowing yesterday and continued for  
about eight hours, when it sanded up.

In pulling the eight-inch tubing  
of the Boychester, in which the  
broke in after cementing, the casting  
parted and the drillers are now wait-  
ing for a casing spear.

The well No. 4 on section 20 of the Ne-  
vada Petroleum, drilled in 1908  
days ago with a rotary rig and is now  
650 feet deep and making good head-  
way. No. 40 on the same section is be-  
ing rigged up for standard drilling and  
will be ready to spud in within three  
days. The well No. 4 on section 15  
is being drilled with a rotary drill and is  
down 1650 feet.

The Dominion Oil Company on section 7  
is down 1820 feet in 8-inch  
drilling. The formation in which they  
are working is brownish sandstone  
which has a streaked showing of oil  
accompanied by a strong gas pressure.

The well No. 4 on section 20 of the Ne-  
vada Petroleum, drilled in 1908  
days ago with a rotary rig and is now  
650 feet deep and making good head-  
way. No. 40 on the same section is be-  
ing rigged up for standard drilling and  
will be ready to spud in within three  
days. The well No. 4 on section 15  
is being drilled with a rotary drill and is  
down 1650 feet.

The Western Minerals Oil Company has  
forty feet of oil sand in well No.  
4 on section 23, 11-23, fully three miles  
from the oil well.

The company has been

drilling for oil sand

and has been

drilling for oil sand

## SALMAGUNDI.

"I take a case against the United States. Uncle Sam I am in the same frame of mind as the Placerville hotel-keeper whose dying wife was supposed to be on her deathbed. Although she lived for years afterward, she said, 'I am dead and gone,' said she to her husband, 'you won't marry my niece, Jane, will you? Promise me, won't you?'"

"Indeed, darling," was the husband's reply. "No, indeed. I've had picnics enough."

"902 I was employed by Japanese importers at Honolulu to recover from the Japanese duties which they had paid on Japanese liquor. Sake is the national Japanese. To the Caucasian palate it is as dry as eggs. It is made from rice, a process analogous to brewing. Sake is the tariff acts of 1893 or 1897, non-enumerated article, classed as a still wine by similitude of dollars per gallon. The similitude consisted in strength, in which it resembled other articles such as the malted grain, the process of making it and in chemical composition it was like strong ale. It was classed in Revenue Department as beer and it was in this country paid and still paid a beer tax on the product of customs duty on still wines by 5 cents per gallon, while on beer it was a gallon."

"Sake importers in Honolulu paid the 50 cents per gallon under protest that the government should refund it to me that a bottle of sake carrying it from the Internal Revenue to the Customs Department he beens to a wine, and after contract to receive one-half of the money recovered from the United States began the 'sake refunds' campaign."

"I know now, as I know now, that the States treasury never gives up any money that has found its way."

"Our history is full of illustrations of our beloved Uncle Sam."

"And years ago our government came from France \$3,000,000 for losses of American citizens in consequences of the war."

"The government had no claim on this and held it as trustee for those who had kept it and used it for a despite of the efforts of those who in an act of Congress directing the Treasury to disgorge it."

"I have forty years ago our government \$6,000,000 from England for a ship owner destroyed by the British in Alabama. This also was paid to the Customs Department by the claimants who have received it and others have not."

"Years ago Uncle Sam collected a sum from Russia to remunerate us when vessels were seized in the Far East. That money still abides in the Federal Treasury."

"Years ago when the accounts of past debts of the United States were adjusted it was a considerable sum was due them. It is still due them."

"I am of the warning of history, I am of recovering the 'sake refunds' of time to it and journeyed there Honolulu and New York. The time was in favor of my clients, who were generally approved, once by the court Court in New York, once by the Second Circuit Court of Appeals. I successfully invoked a stay of ruling in favor of my clients, forced me to sign a stipulation of release by threatening me with 'another litigating case' cases the government to prolong litigation indefinitely in the particular case."

"Not so far as to obtain an order from the Treasury Department to collectors to make up the account and I started for Honolulu to collect the money. When I reached San Francisco a telegram that Secretary Shaw had to his acquiescence would involve a suit to the importers, whereupon he gave his acquiescence and ordered a suit."

"We got the last test case into the Supreme Court and last January decided the case for the first time on technical grounds not involved and been warned that such a decision the refunds would be this sum \$2,000,000, and the Supreme Court could find an excuse for it so large an amount should be given."

"I in turn have called for another trial. But *qui bono?* It takes about a test case through the judicial over two thousand salaried judges and I did not really feel that I could afford to give 6000 more years to the contest of the two millions withheld from the Treasury. The Secretary of the Treasury was the three thousand ducats given, then the devil give him away."

"I have murdered your mother-in-law, but it is not worth wintering; if you are executing District Attorney of the state, there is a solvent party; if you are getting a marriage license, get money or property that the blackamoor is striving to get away from me. But if you are United States, kindly keep away."

"One Side Enough. William Alden Smith says the Roosevelt to listen to the people and regular places him in a trial the evidence was that attorney had made a long and difficult argument, when the lawyer acting as the defense, asked the Justice, 'Is the case settled?' the attorney said, 'Yes, we have our side of the case.' The lawyer then said, 'I will hear both sides argued, to confuse the court.'"

"This Fit Your Case? fatigued by reading, writing, necessary to remove small objects from your eyes to see clearly, the prolonged use of your eyes, headache? If it does it to the bridge of the nose?"

"Your best friend, bring them to your eye and eye, and your eyes will be by S. E. SEYMOUR, Optician, Sixth and Broadway, New York."

## EVENTS IN LOCAL SOCIETY.

**M**RS. CLARK BOSS MAHAN, secretary of the Seavance Club, and her daughter, Miss Marcella, of this city returned this week from a month spent in St. Louis, Kansas City, New Orleans, and other places of interest. While visiting in the latter city, they were guests of Roy S. and Capt. Howell Warnack and Mr. and Mrs. Christian Schertz.

**Returns in October.**  
H. Jeune will leave London for this city October 1.

## Pirtle-Owen Nuptials.

Miss Laura Pirtle and Ernest H. Owen were married at the new home of the bride's parents, Mr. and Mrs. J. A. Little, of Verdugo Cañon at noon, September 18. Rev. R. Howell of the Methodist Episcopal Church, South, officiating. Miss Leila Butler played

Miss Sallie Polk,  
who has been visiting at Hotel Virginia, Long Beach.

the wedding march and only the immediate relatives were present. Miss Pirtle wore a dainty gown of white material. She was attended by her little nieces, Shirley, Cherie, and little Elsie, bridegroom's pieces of the bridegroom. The bridal party stood beneath a bell of ferns and white carnations and about the rooms a background of ferns and flowering vines.

The wedding was to be a double celebration, as Dr. and Mrs. R. E. Chase of Glendale, brother-in-law and sister of the bride, celebrated their sixth wedding anniversary at the same time. At the conclusion of the brief trip Mr. and Mrs. Owen will reside in Glendale.

## Dinner Guests.

Dinner guests at Hotel Virginia, Sunday, from the city included Mr. and Mrs. Edward Prentiss, Judge Mr. Trask, Mr. and Mrs. W. H. Nafford, Miss Sallie Polk and Miss Echo Allen.

## Miss Cooper to Entertain.

Miss Mabel Ruth C., owner of No. 1251 South Spring street, will entertain Thursday afternoon with a musical. She has just returned from abroad, where she has been the past year, studying music.

## Eastern Trip.

Mr. and Mrs. Gall B. Johnson of Westlake avenue left recently for the East. They will visit in New York and other large cities.

## Married Yesterday.

The marriage of Miss Greta L. Coons of Buffalo to Orlando C. Vogel of this city was quietly solemnized yesterday morning by the Rev. Dr. Charles Edward Locke. After a southern trip, Mr. and Mrs. Vogel were at home at No. 2144 Western street.

## Home from Avalon.

Mrs. Albert L. Parsons and daughter, Dorothy, have returned from a two weeks' stay at Camp Virginia, Avalon.

## Home from Outing.

Judge and Mrs. Henry Clay Gooding with their daughter, Miss Gertrude, have returned from a most delightful outing at Lake Tahoe and San Francisco.

## At Home to Friends.

Mr. and Mrs. Earl Clark have returned from a four months' stay in Ocean Park. They are at home to friends at the Burlington.

## Mrs. Grove Hostess.

Mrs. A. D. Grove of No. 1245 South Spring street, and her daughter, Miss Leilian Grove, entertained recently with a musical, the home having been decorated in honor of the occasion with the decorations and ferns. Among the guests were Rev. and Mrs. Baker P. N. Prof. and Mrs. Dupuy, Mr. and Mrs. Frank Dunwell, Mr. and Mrs. E. Luther Trimmer, Mr. and Mrs. W. R. Kilgore, Mr. and Mrs. L. G. Smith, Mr. and Mrs. George M. Hutchins, Mr. and Mrs. Rossett and Mr. and Mrs. C. S. Eastman.

## DEDICATION OF BUILDING.

North End Business Men Plan Celebration of Removal of Postoffice to Government Structure.

The work of removing the postoffice to the new Federal building will begin on next Monday morning, and on Wednesday it will be open for business in the new quarters.

Business men interested in the north end of the city have planned a celebration, in the nature of a dedication of the Federal building, for October 5, which is to be representative of the entire city. The following chairman of committees were selected at a meeting held yesterday: G. A. Addessman, Dr. S. C. James; Publicity, J. M. Davies; Finance, J. H. LeSage; Music and Decorations, R. L. Price; Platform, Pierced Invitations, Gen. Adna R. Cauffman; Transportation and Banners, R. E. Wirsching. W. J. Washburn has been appointed representative of the Chamber of Commerce. The whole affair will be the presidents of city banks and the improvement associations in the local federation. Invitations have been sent to Gov. Gillett and other State officials.

## UNDELIVERED TELEGRAMS.

There are undelivered telegrams at the Postal Telegraph-Cable office for W. J. Kennedy, Kazoran, W. F. Rockwood, Glasper, George W. Wheeler, Mrs. J. C. Eden and Miss Leona Montgomery.

**At Hotel Virginia.**

Among the large number of guests who enjoyed Saturday and Sunday at

A BUNCH OF 'EM.  
CALLERS WHO  
LEAVE NO CARDS.EVERY LITTLE BIT HELPS IS  
THEIR MOTTO.

**Robbers Cover Wide Section of the City and Theft Embraces Anything That Can Be Pawned—One Gang Prefers Tungsten Lamps and Diamonds With Many.**

The police department has received reports of eight robberies, which occurred Saturday night. The operations range from burglary to petty larceny and cover a wide section of the city. The heaviest loss was sustained by the Red Cross Club, at No. 1118 West Sixth street, valued at \$25 having been carried away. Among other articles stolen were fifteen pairs of lace curtains. The rest of the loot consisted of tablecloths, napkins, doilies, Chinese silk articles and Mexican drawwork.

The Electrical Supply Company, No. 642 South Spring street, was robbed of 125 tungsten lamps, valued at \$100. Entrance was gained by jimmying a side door.

Antony Lawrence, a roomer at the Hotel Hollywood and Los Angeles street, reports the loss of \$15 from his trousers pockets, the thief carrying the trousers into the Hall of the lodgings, rifling them there.

Mrs. Lydia Gadlin, at No. 1526 DeLong street, lost a watch and sundry articles of jewelry, which she valued at \$100. She said the burglar entered by climbing through an open window.

A gun, watch and chain were stolen from the room of Mrs. Cynthia Seena, at No. 416 West Fourth street, during her absence, Saturday night.

Mrs. E. J. Blair of No. 411 West Third street reported that while she was walking on Spring street, near Third, a thief snatched her purse, containing \$28 in cash, gold, a gold locket and a railroad ticket to San Diego.

Mrs. William B. Bowen, No. 1121 South Main street left her door open during her absence, Saturday night. When she returned she missed a half-carat diamond ring and \$3 in cash.

The occurrence of Mrs. Bowen, No. 1121 South Main street left her door open during her absence, Saturday night. When she returned she missed a half-carat diamond ring and \$3 in cash.

The police expect the proprietors to be held responsible.

The front of the establishment was resplendent with floral decorations, many fine pieces having been sent in by friends of the establishment. J. E. Carr remembered his friends with a huge mural fresco, standing about six feet high from the "Fruit Pease Bros.," also furniture dealers, sent a magnificent bouquet of roses, and there were many others, representing this city, San Francisco, Chicago and New York. Great bouquets of golden rod, arranged in tall floor vases, were used with most striking effect against the background of mahogany and oak furniture.

The first door of the building is devoted entirely to a large and well-lighted salesroom, containing a general assortment of elegant furniture of all kinds, on display, including show ladies' desks, music cabinets and library tables; second floor, living-room and library furniture; third floor, carpets, draperies and wall paper; fourth floor, bedroom furniture; fifth floor, office furniture. The seventh floor is devoted exclusively to the shop, and the basement to porch and kitchen furniture.

## HORSE TO FLY TODAY.

**Circus Day Here and Thrills of Several Kinds Announced—Street Parade This Morning.**

Aeronautics are no more confined to humans. Even horses are taking a part in aerial flight—at least that is what the press agent of the Barnum & Bailey show asserts.

One of the thrillers that is expected to bring forth the "oh" and "ah" of the thousands who visit the circus of the "Jupiter," called the "balloon horse," because of his ascension on the platform which takes the place of an ordinary basket on a balloon. When the gas bag strikes the dome of the tent, a trigger is pulled, setting off a series of fireworks which completely surround the horse suspended high in air.

"Jupiter" has never been known to jump off, or even to attempt to balk at the flying flames, but this may be added to the thrill and fun should he feel as though he were the winged "Pegasus" reincarnate, "a la" Eddy Wilcox who has come back out of the past.

The "balloon horse" is by no means the only one in the circus. A troupe cast contains a troupe of aerial artists from Vienna which comprises ten men and women who actually make the chills run up and down the spinal column and the hair pile through their fear of falling. While flying from one trap to another, one of these aeronauts do a triple somersault, one of the most difficult things known in their line.

Orin and Victoria Davenport are on the list of leaders. They do a most amazing horse and are well known here among circus-goers, having appeared a number of times. For the children the pony and donkey circus of Cliffe-Berazic is expected to be specially popular.

Domingo Sandoval and Miguel Ro-

mero, charged with "wilful murder of

Toribio D. Urura" at Duarte last

Thursday night, were taken to Mon-

rovia and arraigned before Justice

Glover yesterday morning. Their

hearing was set for 10 o'clock Friday.

Ball was fixed at \$5000 each. Atto-

ney Robinson appeared for the ac-

cused.

A pathetic feature of the case is

that Romero and Margarita Trejo

were to have been married this week;

in fact, the wedding was set for Friday.

The girl was in court yesterday

and tearfully but without abandon

clung to her lover for a moment as

he was led away. Suspicion was ex-

cited by a little package she was seen

to stealthily pass to him. It proved to

be only a small photograph of herself.

Her lover token he was permitted to

keep.

If any new evidence has been dis-

covered in the maze of Mexican eva-

sion and concealment, officers are not

disclosing it. The belief prevails that the author of the quarrel which

resulted in the slaying of one man

and the wounding of another, has not

been brought to light.

Rumors are afoot implicating the

Trejo sisters, who conduct the Maxi-

mo Club, and the four men

who belonged to the club yesterday

night, but these lack confirmation.

The residents of the quarter are as

communicative as the Sphinx.

F. G. Berry's testimony at the in-

quest yesterday was that he had no

knowledge of any kind of pistol or

revolver shot, coupled with the al-

leged failure to find any cartridges in

Sandoval's clothing or bunk house,

would seem to afford some ground for

Trejo's defense. There was an

other pistol beside Sandoval's.

There is a further question as to

the identity of four of the eight

men whom Berry saw in front of his

home just before the affray and th-

en.

## BAPTIST CHURCH IS DEDICATED.

Escondido Congregation Formally  
Opens a Commodious and Attractive  
Place of Worship.ESCONDIDO, Sept. 18.—The new  
meeting-house of the First Baptist  
Church was dedicated yesterday, free  
from indebtedness, \$3600 having been  
collected at the morning services, as the  
congregation, which includes Rev. Dr. G. H.  
Holt of Riverside, who preached the  
dedicatory sermon. Dr. Holt stated that  
the purchase of the land and made by  
the church is to be given away from the gambling  
and hunting grounds in which the  
members have been engaged.The exhibit was great pride in the  
church and the interest of the  
members in the new building.The Sherif made a big force of dep-  
tives made the trip in an automobile to  
the scene, ending in Highland  
within a very short time after the  
robbery, and joined the hundreds of  
citizens in the hunt, but the robber  
effectively escaped, taking away his  
loot.It was believed by the officers that  
certain Los Angeles crooks pulled off  
the robbery. Howard among them.

ROBBED THE DEAD.

Albert H. Pfifer, the Neapolitan un-  
dertaker who confessed to killing the  
body of S. C. Winchester of Philadel-  
phia of \$320, was paroled in the Super-  
ior Court this morning. Pfifer is a  
consumptive and has but a very  
brief time to live.

NO MURDER COMMITTED.

The Sheriff's office today received  
word that the killing of Billy Mike at  
Rose mine Friday was accidental, a  
gun accidentally discharging as he was  
being treated for a wound. The first report  
stated that Mike Boniface was killed, but it develops that it was another  
Ranning Indian.

ROBBED FATHER.

The Sheriff's office today received  
word that the killing of Billy Mike at  
Rose mine Friday was accidental, a  
gun accidentally discharging as he was  
being treated for a wound. The first report  
stated that Mike Boniface was killed, but it develops that it was another  
Ranning Indian.Percy Bingham and Emmett Dawson,  
charged with the theft of a dia-  
mond stud from J. C. Bingham, a  
Redlands barber, father of one of the  
accused, pleaded guilty today and were  
paroled. Young Bingham at first tried  
to shoulder responsibility for the theft  
upon his partner in crime.

NO CHILD.

The Sheriff's office today received  
word that the killing of Billy Mike at  
Rose mine Friday was accidental, a  
gun accidentally discharging as he was  
being treated for a wound. The first report  
stated that Mike Boniface was killed, but it develops that it was another  
Ranning Indian.SCORNED, HE  
ENDS HIS LIFE.Orange County Supervisors Compelled  
to Raise the Figures Over  
Last Year.SANTA ANA, Sept. 18.—The Board  
of Supervisors today fixed the county  
tax at \$1.20. The State and county tax  
is \$1.20 inside cities, and \$1.60  
outside cities. The inside-cities tax  
is 20 cents higher than last year, and  
the outside-cities rate is 40 cents higher.  
Last year's tax was 10 cents lower.  
The State, the 50 per cent  
raise by the Board of Equalization al-  
lowing a low rate. This year's assessment  
is \$1,500,000 under last year's.The proposed purchase of a county  
tentation house, electric and good roads  
and all responsible for the increase.  
The items of the tax rate are: Cur-  
rent expense, \$0.336; salary, \$0.12;  
county schools, \$0.22; hospital, \$0.125;  
interest and sinking, \$0.025; county

## TRIES TO KILL HER HUSBAND.

Fresno Woman Shoots at Man Repeatedly.

Couple Are Devoted, but Cannot Agree.

No Complaint Is Lodged Against Offender.

(ASSOCIATED PRESS NIGHT REPORT.)

FRESNO, Sept. 19.—Mrs. Lilly Shearman of this city made a deliberate attempt to kill her divorced husband this afternoon while the man was standing in front of the Grand Central Hotel in the center of Fresno's business section. The woman fired two shots at Shearman and that the bullets did not strike their intended mark was only due to her extremely bad marksmanship and his good luck.

The Shearmans have one little daughter as the result of their marriage. About a year ago, Claude F. Shearman, the husband, who is a bus driver, secured a divorce, but later, owing to the mutual affection of the pair, again went to live with his wife.

During May last, they separated again owing to the alleged violent temper of Mrs. Shearman. Today the man was standing in front of the Grand Central Hotel when his wife approached and drew a pistol from the pocket of her dress. Shearman, catching a glimpse of the woman and recognizing his wife, took off his heels and ran into an adjacent restaurant with the infuriated woman close upon him. As he passed through one of the side-ways, the woman turned to view of his wife and the latter at the moment fired. The bullet tore its way through the woodwork, but did no harm.

Shearman then ran into the dining room, which is a hall to the hotel, and the woman followed him, intent upon shooting at him again. Brought to bay, Shearman stepped in the midst of a dozen diners and faced his wife. Mrs. Shearman raised her pistol and fired, warning of the danger of hitting the innocent persons in the room.

The bullet flew high and shattered one of the glass doors of the place. The restaurant employees then rushed up and disarmed the woman. Mrs. Shearman was later arrested, but it is said that there will be no complaint lodged against her by the husband, and she has accordingly been released from custody and allowed to go home for the present.

DEFENSE SCORES POINT.

Dr. J. L. Martin, accused of having caused the death of his wife in this city because of neglect, scored first blood in the Superior Court before Judge Church today, when the information in his case was set aside and the defendant submitted in his behalf by Attorneys Everts and Ewing was sustained.

The action of the court was taken upon the ground that the information, which was drawn up by Police Judge Briggs, under which the preliminary examination was held, was not sufficiently strong in its legal verbiage to warrant the defendant being brought to trial.

Deputy District Attorney McCormick, upon whose motion the court set aside the complaint, stated that he considered the demur of the defense as valid, and this afternoon will have Judge Briggs submit another and more complete information. The defense, Dr. Martin, who will be at liberty, will stand the same as they did before today's developments.

TO EXTERMINATE THIRP.

Globe Growers Find New Method of Warring on Thrip Pestilence.

GLOBE, Aug. 19.—Working independently of the government entomologists, the Globe orange growers believe they have found the most feasible method of keeping down the thrip, the results of the past season seeming to bear out the contention of the growers of that section that their plan is the most satisfactory one.

It is the theory that sprays are but partially effective, as the thrip is a migratory insect. They have devoted their attention to an attempt to control the pest through proper cultural methods. Cover crops, manure, delayed fertilization being done carefully after soil analysis shows the ingredients which the soil lacks.

Every vestige of vegetation is kept from the ground between and under the trees and liberal and continuous cultivation of the ground is encouraged. This year those orchards in which this method has been followed show practically no effects from the thrip, not more than six to ten per cent of fruit damaged, and from the insects, and most of that in such small degree as not to seriously affect the grade.

HE SOLD WRONG TICKETS.

VISALIA, Sept. 19.—Railroad tickets at starting bargains were sold by the agent of the circuit train which held in Visalia, today, giving joy to the passengers of those who hope to get a ride to San Francisco for a few cents and the S. P. who made the sales.

By reason of the circumstances, tickets were not at reduced rates from Visalia to Tulear. A large crowd surged about the ticket window last evening as the last train for Tulear was leaving, and in the confusion the agent sold from the wrong car. The agent, however, after having given out a large number of tickets to San Francisco, received in return but 25 cents.

Conductors on the branch line from Visalia to Gothen did not notice the error and it was not until pasted on the train and libeled the express train on the main line that the auditor discovered them. He at first refused the tickets, but afterward accepted them for passage. Doubtless a number of the tickets were not taken in, the ticket owners hoping to get a ride to the big metropolis. Numerous of the missing ones have been posted, however, and they will be promptly taken up when presented.

Selling Marked-Down Money.

Howard M. Deming, a conscientious merchant, in the closing Saturday night placed in the window a \$1 bill which was labeled "slightly soiled, 90 cents." Another brand-new bill was labeled "a good counterfeiter, 80 cents." "Fly-specked quarters" were offered for 75 cents; two-cent stamps, not for new, 75 cents a hundred. Monday morning, when crowds gathered at the store, the bargains were not there. But the novel "ad" served its purpose—
